STATE UNIVERSITY OF NEW YORK

INTRODUCTION:

The purpose of this report is to provide our faculty, staff, and students with campus security and safety information in order that their experiences at Rockland Community College may be safe and enjoyable. The Rockland Community College Public Safety Department prepares this report and any questions regarding it should be directed to the Director of Public Safety, located in Room 5211 of the Fieldhouse, or telephone (845) 574-4781.

This report is filed as required by the Federal “Jeanne Clery Crime Awareness and Campus Security Act,” (hereafter referred to as the Clery Act) which was last amended in 1998. This report includes statistics for the previous three years concerning reported crimes that occurred on campus, in certain off campus buildings or property owned or controlled by Rockland Community College, and on public property within, or immediately adjacent to, and accessible from the campus. This report also includes institutional policies concerning campus security, alcohol and drug use, crime prevention, the reporting of crimes, sexual assault, and other matters. To get a copy of the report and crime statistics, contact the Public Safety Director, Room 5211 in the Fieldhouse (845-574-4781) or access the following website:

THE DEPARTMENT OF PUBLIC SAFETY AND AUTHORITY:

The objective of Campus Public Safety is to provide a safe environment for teaching, research and social endeavors and to protect the lives and property of the students, employees, and visitors to Rockland Community College. This objective is pursued within the framework of Rockland Community College’s rules and regulations and all local, state, and federal laws. The investigation of crimes committed on campus fall under the jurisdiction the Rockland County Sheriff’s Department with assistance from the Director of Public Safety. The Department of Public Safety maintains an excellent rapport with the local police and work closely with them to maintain a safe campus.

The College upholds the rights of students and staff to know of incidents, which occur on campus, measures taken to promote precautions, and swift effective responses to crises. The responsibility for maintaining personal and campus safety is shared by all students, faculty, and staff of the College.

Rockland Community College and the Public Safety Department recognize the necessity of a community which is open and intellectually stimulating, where the diversity of ideas is valued and every person’s safety, dignity and autonomy is respected whether they are students, faculty, or staff, and regardless of race, ethnicity, age, religion, class, national origin, gender, sexual orientation, or disability.

The safety of the campus community is a 24-hour-a-day, 365-day-a-year operation. Training for these officers and other Public Safety personnel on campus is extensive. Public Safety officers are licensed by the State of New York and receive training from the Rockland County Police Academy. These officers are not sworn and do not have arrest powers. All officers receive yearly training in public and community relations, First Aid, AED, Narcan administration, listening skills, sensitivity and diversity, report writing, patrol techniques, and fire prevention and control. The Director is a Certified NYS Peace Officer under Section 2.20 of the NYS Criminal Procedure Law.

**CRIME PREVENTION AND SAFETY PROGRAMS:
ESCORT PROGRAM**

The Public Safety Department has implemented an Escort Service available to all students, employees and visitors while they are on campus. This program ensures that all members of the College Community can walk the campus as safely as possible and do not have to walk alone. The Office of Public Safety assigns a Public Safety Officer or a Student Patrol Officer to escort any person who requests it. The department provides the service 24 hours a day, 7 days a week. The Student Patrol officer is equipped with a portable radio for direct communication with Public Safety Officers and the Public Safety Dispatch Desk.

BODY WORN CAMERAS

All Public Safety Officers are equipped with Body Worn Cameras (BWC's) and will record interactions with the campus population. BWC's give officers the ability to reliably record their contacts with students, employees and the public in accordance with the law. The use of BWCs provides documentary evidence and helps defend against allegations of officer misconduct.

MOUNTAIN BIKE PROGRAM

Public Safety Officers, who have completed the Police Mountain Bike School patrol the campus on state of the art, specially equipped Mountain Bikes. Bike Patrol officers can respond quicker, as well as patrol areas that cannot be patrolled by vehicles. They are also environmentally friendly.

THE CAMPUS SEX CRIMES PREVENTION ACT:

The Campus Sex Crimes Prevention Act (section 106 of Public Law 106-39) is a federal law enacted on October 28, 2000 that provides for the tracking of convicted sex offenders enrolled at or employed by institutions of higher education. This law requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State, concerning registered sex offenders, may be obtained. In New York, you can obtain this information by contacting the Division of Criminal Justice Services at 1-900-288-3838 or visiting their web site at <https://www.criminaljustice.ny.gov/nsor/index.htm>. To request information, you must be at least 18 years old and must provide your name, address, and telephone number. The Information Line is open Monday through Friday from 8:00 am to 5:00 pm.; it is not open on state holidays.

STUDENT ENROLLMENT/EMPLOYEES:

In the Fall Semester of 2024, Rockland Community College enrolled 4,442 credit and non-credit students. In addition, the college has 849 employees.

SECURITY AND USE OF CAMPUS FACILITIES:

In order to gain access to campus facilities outside of normal college hours Monday-Friday 7:00am-10:30pm, Saturday 7:00AM – 7:00PM and Sunday 7:00AM – 5:00PM, persons must arrange with Administrative Services 845-574-4481 for the use of the facilities. After permission has been obtained, the Director of Public Safety must be contacted for arrangements to gain access to the building(s). The Director of Public Safety in conjunction with other administrators will determine the need for Police presence or additional security officers to be assigned to events held at Rockland Community College. Any incidents occurring at these events should be reported to and handled by Public Safety.

REPORTING OF ON-CAMPUS CRIMES AND INCIDENTS:

The Director of Public Safety at Rockland Community College records crime and incident statistics throughout the year. These statistics are totaled at the end of the year and shared with the college community. These statistics are also reported to the United States Department of Education and made available to the public. The last section of this report contains campus crime statistics including arrests and disciplinary referral made to campus authorities for alcohol, drugs, and weapons possession. As defined by the Campus Safety Act, a referral is an instance when a student is formally reported in writing to a college officer for possible sanction.

As required by the Campus Safety Act, Rockland Community College must include hate crime statistics in this report. A hate crime occurs when a person is victimized intentionally because of his/her actual or perceived race, gender, religion, sexual orientation, ethnicity or disability.

Formal requests for crime statistics for areas defined as “public property” and “non-campus buildings and property” were made with local police departments for the main campus and Haverstraw location. The definitions of these offenses, which are defined in the “Uniform Crime Report” and the “Crime Awareness and Campus Security Act,” appear later in this report.

DAILY CRIME LOG:

The Department of Public Safety maintains a daily log of crimes and incidents occurring on campus that is available for the public to view. This information is recorded by date, time, general location, and disposition of the complaint. The daily log is available at the Public Safety Office, Fieldhouse, Room 5209 Monday through Friday from 8:00 AM to 4:00 PM. Entries or updates are made within two business days after the event occurs. Incidents or situations deemed to pose a threat to the campus community are logged as soon as possible. While most events are logged, the Director of Public Safety may determine that an incident be temporarily classified as “confidential” in order not to jeopardize a criminal investigation or the identity of a victim.

CAMPUS SECURITY AND THEIR RELATIONSHIP WITH LAW ENFORCEMENT:

The Rockland County Sheriff’s Department has primary law enforcement jurisdiction on the Campus and is responsible for the investigation of all crimes reported on campus.

Members of the Public Safety Department have extensive knowledge of police procedures. In addition, the following is the status of Campus Public Safety:

1. Uniformed Security Officers and Supervisors are provided twenty-four hours a day, seven days a week.
2. Uniformed security staffing levels are adjusted throughout the year as appropriate. Staffing levels are highest during the fall and spring semesters, when the college is open.
3. The Public Safety Dispatcher is on duty twenty-four hours a day, seven days a week.
4. Immediate response to emergencies is provided by Public Safety Department personnel, the Rockland County Sheriff’s Department, and other local emergency services agencies.
5. Rockland County Deputies patrol the campus Monday through Friday, during the fall and spring semesters.
6. Additional Uniformed Security Officers and/or Rockland County Deputies are provided as needed for special events.

Criminal activity at off-campus property is monitored by the Public Safety Department in cooperation with the local police. Students involved in off-campus situations involving alcohol/drug offenses or other criminal activities may be referred for campus disciplinary procedures.

INVESTIGATION OF VIOLENT FELONY OFFENSES & MISSING STUDENTS:

Article 129-A of the New York State Education Law requires all public, private, community colleges and Universities in New York State to adopt and implement rules and a plan for investigating violent felony offenses committed on campus and also for the investigation of any report received of a missing student who resides on campus. Furthermore, the law requires that the plan shall provide for coordination with local enforcement agencies, and shall include written agreements with these agencies for the prompt investigation of these crimes. In compliance with this requirement, Rockland Community College has established a Memorandum of Understanding (MOU) with the Rockland County Sheriff's Department, establishing guidelines for the coordination of law enforcement efforts on the campus and the investigation of crimes, including those listed above.

ADVISORY COMMITTEE ON CAMPUS SECURITY:

As required by Article 129-A of the New York State Education Law, Rockland Community College maintains an Advisory Committee on Personal Safety. This committee meets during the year to review, and recommend improvements to, RCC policies and procedures relating to a variety of security and personal safety issues. Any concerns for the committee should be directed to the Director of Public Safety

PERSONAL CRIME PREVENTION TIPS:

The RCC campus is generally a safe and secure environment; however, it is a public access facility, and we cannot guarantee who is on the campus and for what purpose. You must be alert for your own safety and security. Listed below are some suggestions for your safety:

1. Pay careful attention to your personal belongings.
 - Keep purses, gym bags, book bags and wallets in your view or under lock and key.
 - Because textbooks are expensive, they may be a temptation to a thief. Put your name on each book, and do not leave your books unattended.
2. Lock your car doors each time you leave the car.
3. Leave nothing in your car within view of a potential thief. Do not, for instance, store your books on the back seat.
4. Have your car keys in hand before leaving a building?
5. Evening students in particular are encouraged to walk in groups to cars and bus stops after leaving class or the Library.
6. Members of the college community are urged to secure their valuables and be aware of their surroundings.

CRIME PREVENTION PROGRAMMING

- Public Safety in conjunction with other departments hold educational programs each semester on a variety of topics including personal safety awareness, sexual assault training, anti-theft programs and rape aggression defense classes.
- Information on safety and security is provided to students and employees upon request via seminars, crime alerts, campus wide e-mail, posters, and the college student newspaper.
- During orientation, students are informed of safety programs and the safety services available on campus.
- The campus is well lighted in parking areas and pathways frequently traveled by students.
- There are Emergency Blue Light Phones strategically-located throughout the campus that connect directly with Public Safety without having to dial. These phones are for emergencies requiring immediate assistance. Directions for proper use are printed on the inside of the call box.
- By calling extension 4217, or (845) 574-4217 from an outside phone, a person may request that a Public Safety Officer escort them between buildings, to his/her automobile, or to the bus stop.
- To contact the Public Safety Department for an **emergency** dial 4911 from any college phone. If calling from an outside phone, dial (845) 574-4911.
- The Public Safety Department will assist students and staff in obtaining and enforcing **orders of protection**.

BIAS CRIMES INFORMATION:

Generally, a person commits a hate crime when he or she commits a specified offense and is motivated in whole or in part by bias on the part of the offender toward the race, color, national origin, gender, religion, sexual orientation, age (sixty or older), or disability of the victim.

Penalties for bias related crimes range from monetary fines up to a minimum of twenty years in prison, depending on the nature of a specific offense. Specific information regarding hate crime offenses and related penalties may be obtained from article 485 of the New York State Penal Law.

Whenever a member of the college community becomes a victim of a bias related crime, that member shall notify the Rockland Community College Public Safety Department or the Title IX Coordinator as soon as possible. The Public Safety Department will respond, ascertain information for a report, and make the following notifications as appropriate:

- Title IX Coordinator
- President's office
- Dean of Student Personnel Services
- Police
- Counseling
- Director of Personnel (staff involved)
- Other notifications where warranted

All reports of bias crimes will be investigated and perpetrators will be subject to administrative discipline consistent with Rockland Community College policies and procedures as well as criminal prosecution as allowed by law.

The Rockland Community College Counseling Center is available to assist any individual who believes they are the victim of a bias crime. The services include not only the coordination of intervention with other campus departments, but also on campus counseling as well as referrals to off-campus agencies and services.

- An explanation of the consequences for violating these orders, including but not limited to arrest, additional conduct charges, and interim suspension;
- Have assistance from Public Safety in effecting an arrest when an individual violates an Order of Protection or, if outside of New York State, an equivalent protective or restraining order within the jurisdiction of Public Safety or, if outside of the jurisdiction of Public Safety does not have arresting powers, to call on and assist local law enforcement in effecting an arrest for violating such an order;
- Obtain reasonable and available interim measures and accommodations that effect a change in academic, housing, employment, transportation, or other applicable arrangements in order to ensure safety, prevent retaliation, and avoid an ongoing hostile environment. Parties may request a prompt review of the need for and terms of any interim measures and accommodations that directly affect them. While reporting individuals may request accommodations through any of the offices referred in this policy, the Associate Vice President of Enrollment Management, located in the Technology Center, Room 8129 (845-574-4206) can serve as a point to assist with these measures;

Evidence of reckless or repeated violations of traffic safety or parking regulations on College premises may lead to a revocation of driving and parking privileges on campus.

10. Withdrawal from a Course

The Vice President of Student Services, or a designee assigned by the Vice President of Student Services, may withdraw a student from a course or transfer him/her to another section of the course

11. Temporary Suspension

The Associate Vice President of Enrollment Management or a designee may suspend a student from the College for an interim period pending disciplinary proceedings. The specifically defined period of time, i.e., three days, two weeks, etc., in which the student will be prohibited from attending classes pending disciplinary proceedings shall be used to conduct further investigation of the alleged violation. The temporary suspension shall become immediately effective without prior notice whenever the Vice President of Student Services or a designee determines there is a reasonable basis to conclude that the continued presence of the student at the College poses a substantial and immediate threat of harm. A student suspended on a temporary basis shall be given an expedited opportunity (within three days of the notice of temporary suspension) to appear before the Vice President of Student Services or a designee for a Conduct Meeting (see Section II, B). During the Conduct Meeting the charges will be discussed and a determination will be made as to whether or not further disciplinary action will be taken. If at the time of the Conduct Meeting insufficient information has been gathered to make a final determination, the period of temporary suspension will continue and a second Conduct Meeting will be scheduled once the investigation is complete.

12. Classroom Removal

A faculty member may temporarily remove a student from class who disrupts the educational environment. If the faculty member removes the student for more than one class session, he/she will submit a written report within 48 hours of the incident for review by the Coordinator of Judicial Affairs. A Conduct Meeting will be scheduled on a priority basis and a decision as to whether or not a student can return to class will be made in consultation with the faculty.

13. Suspension

Suspension shall be a specific period of time in which a student is prohibited from enrolling at the institution. Ordinarily a student who is suspended will receive a "W" for all of his/her courses. In compelling circumstances, the Associate Vice President of Enrollment Management reserves the right to allow a student's instructor to issue a grade. Suspension can be accompanied by additional criteria, which the student must fulfill prior to reenrollment. For the timeframe a student is suspended, he/she is considered "Persona Non-Grata," which means his/her presence on campus is prohibited without prior approval from Public Safety.

14. Expulsion

Expulsion is the immediate removal of a student from the College prohibiting future enrollment at the institution. Ordinarily a student who is expelled will receive a "W" for all his/her courses. In compelling circumstances, the Associate Vice President of Enrollment Management reserves the right to allow a student's instructor to issue a grade. When a student is expelled, he/she is designated "Persona Non-Grata," which means his/her presence on campus is prohibited without prior approval from Public Safety.

15. Involuntary Withdrawal from College

Where the College has credible evidence that a student's behavior represents a direct threat of harm, the Vice President of Student Services, or a designee assigned by the Vice President of Student Services, will temporarily suspend the student, advise him/her of the charges against him/her, and will convene the Behavioral Assessment Committee (BAC) to assess the severity of risk that the student's behavior represents. The BAC will review the student's case, and may require that the student submit an objective, individualized psychiatric assessment from a licensed mental health professional (chosen or approved by the College) that allows the College to determine the nature, duration, and severity of the risk of harm; the probability that a potentially threatening injury will actually occur; and whether reasonable modifications of policies, practices, or procedures will sufficiently mitigate the risk. As part of this determination, the student may be interviewed by the BAC. During the interview the student will have the opportunity to answer the charges against him/her and present evidence that his/her behavior does not represent a direct threat of harm. After reviewing the student's case and all supporting documentation, the BAC will make a recommendation to the Provost and Vice President of

Academic Affairs & Student Services as to what actions can be taken to minimize or eliminate the risk associated with the student's behavior. Based upon the recommendation of the BAC, the Provost and Vice President of Academic Affairs & Student Services may require any of the following: 1) the student may return immediately with or without restrictions; 2) the student must separate from the College for a prescribed period of time with specified conditions for return; 3) the student must withdraw from the College, but may have the opportunity for readmission if he/she is able to establish that his/her behavior no longer constitutes a direct or substantial threat of harm; 4) the student must withdraw from the College without the opportunity for readmission. If a student is withdrawn involuntarily, he/she is designated "Persona Non-Grata," which means his/her presence on campus is prohibited without prior approval from Public Safety.

BYSTANDER INFORMATION

Bystander Intervention Options 1. Direct: Address the situation directly. Use this when the person that you're trying to stop is someone that knows and trusts you. Consider other intervention methods when drugs or alcohol are being used. 2. Distract: Distract either person in the situation to intervene. Interject yourself into a conversation where another person seems unsafe. 3. Delegate: Find others who can help you to intervene in the situation. This might include asking a friend to distract one person in the situation while you distract the other to separate the individuals, or asking someone to go sit with them and talk. 4. Delay: You may not be able to do something right in the moment. If you're feeling unsafe or if you're unsure whether or not someone in the situation is feeling unsafe, you may just want to check in with the person. In this case, you can combine a distraction technique by asking the person to use the bathroom with you or go get a drink with you to separate them and then asking them, "Are you okay?" Please remember that your safety is of the utmost importance. Contact the Department of Public Safety if you do not feel comfortable intervening. Bystander intervention resources:

POLICY STATEMENT FOR ALCOHOL AND/OR DRUG USE AMNESTY IN SEXUAL VIOLENCE CASES

The health and safety of every student at Rockland Community College is of utmost importance. Rockland Community College recognizes that students who have been drinking and/or using drugs (whether such use is voluntary or involuntary) at the time a sexual violence incident occurs may be hesitant to report such incidents due to fear of potential consequences for their own conduct. Rockland Community College strongly encourages students to report incidents of sexual violence to campus officials. A bystander reporting in good faith or a victim/survivor reporting sexual violence to RCC officials or law enforcement will not be subject to campus conduct action for violations of alcohol and/or drug use policies occurring at or near the time of the sexual violence.

Definitions required include: consent; dating violence; domestic violence; sexual assault; and stalking.

CONSENT: Lack of consent results from: forcible compulsion; or incapacity to consent; or where the offense charged is sexual abuse or forcible touching, any circumstances, in addition to forcible compulsion or incapacity to consent, in which the victim does not expressly or impliedly acquiesce in the actor's conduct. Where the offense charged is rape in the third degree, a criminal sexual act in the third degree, or forcible compulsion in circumstances under which, at the time of the act of intercourse, oral sexual conduct or anal sexual conduct, the victim clearly expressed that he or she did not consent to engage in such act, and a reasonable person in the actor's situation would have understood such person's words and acts as an expression of lack of consent to such act under all the circumstances. A person is incapable of consent when he or she is: less than 17 years old; or mentally disabled; or mentally incapacitated; or physically helpless; or committed to the care and custody of the state department of correctional services, a hospital, the office of children and family services and is in residential care, or the other person is a resident or inpatient of a residential facility operated by the office of mental health, the office for people with development disabilities, or the office of alcoholism and substance abuse services, and the actor is an employee, not married to such person, who knows or reasonably should know that such person is committed to the care and custody of such department or hospital.

Such acts are alleged to have been committed by a family member. The victim can be anyone over the age of sixteen, any married person or any parent accompanied by his or her minor child or children in situations in which such person or such person's child is a victim of the act.

Factors that may be considered in determining whether a relationship is an "intimate relationship" include, but are not limited to: the nature or type of relationship regardless of whether the relationship is sexual in nature; the frequency of interaction between the persons; and the duration of the relationship. Neither a casual acquaintance nor ordinary fraternization between two individuals in business or social contexts shall be deemed to constitute an "intimate relationship"; Any other category of individuals deemed to be a victim of domestic violence as defined by the office of children and family services in regulation.

SUBSTANCE ABUSE AND SEXUAL ASSAULT

Some Basic Facts on the criminal use of sedating substances to facilitate sexual assault:

For centuries alcohol has been used to facilitate sexual assault. Today it remains the substance most frequently associated with date rape, and the most accessible sedating substance. Other sedating drugs are increasingly being misused to commit sexual assault by spiking victims' beverages. These are referred to by a number of street names of which you should be aware. These include Liquid Ecstasy, Liquid X, Grievous Bodily Harm and Easy Lay for GHB, and Special K for ketamine. Common street names for Rohypnol include Roofies, Roachies, La Rocha and the forget pill.

The physical effects of alcohol and sedating drugs are very similar and include impaired judgment and motor coordination, dizziness, confusion and extreme drowsiness. If enough alcohol or sedating substances are consumed, an individual may fall unconscious or may not remember the details of what occurred. *Depending on the substance and the presence of alcohol and other drugs in the person's system, more dangerous and sometimes life-threatening side effects may occur.*

How to reduce the risk of being drugged and sexually assaulted:

- Do not leave beverages unattended.
- Do not take any beverages, including alcohol, from someone you do not know well and trust.
- At a bar or club, accept drinks only from the bartender or server.
- At parties, do not accept open-container drinks from anyone.
- Be alert to the behavior of friends and ask them to watch out for you. Anyone extremely intoxicated after consuming only a small amount of alcohol may be in danger.
- Limit alcohol consumption so you are better able to assess your surroundings and eat substantive food before drinking to help curb its sedating effects.
- When drinking in social settings, make arrangements with a friend so that you can leave together.

Most importantly, remember that whether you follow these tips or not, if someone sexually assaults you, it is *not* your fault. You are *never* to blame for someone's actions.

GENERAL PRECAUTIONS

Even the best self-defense program cannot completely prevent sexual assault.

Be aware that everyone is a potential victim of sexual assault. The most vulnerable target is a woman alone. It is a myth that assault is provoked by a woman's dress or mannerisms. Opportunity and vulnerability are the key factors. Over 80 percent of all sexual assaults are committed by an acquaintance of the victim, but almost half of these victims tell no one about the attack. Many attacks begin with casual conversation. If your gut-level response to a stranger or friend is uneasiness, try and get out of the situation as quickly as possible, even if it means being rude or making a scene. The keys to prevention are awareness, trusting your intuition, and assertive behavior.

Take the time to think ahead what you might do in the event of an attack.

The following tips are designed to increase your awareness of personal safety and to encourage you to think ahead about how you would react if assaulted:

- **Be alert to your surroundings**
 - Know your route and stay in well-lighted areas. Walk confidently.
 - Walk with other people whenever possible.
 - Consider carrying a whistle on your key chain and use it if you find yourself in danger.
 - Know the locations of public and blue light telephones, and keep change handy.
 - If you are walking alone, don't use headphones; they distract you and prevent you from being alert.
- **If you travel by car**
 - Always keep your car locked, while you are riding and when it is parked.
 - When returning to your car, do so with your keys in your hand.
 - Check the back seat before you get in.
 - After you get in, re-lock the car immediately and keep the windows up.
 - Do not stop to assist stalled drivers. Drive on and call the police.
 - Do not accept assistance if your car is stalled. Tell anyone who offers help to call the police.
 - Do not pick up hitchhikers.
- **If you travel by bus**
 - Go to the bus stop with other people whenever possible, particularly at night.
 - Don't accept rides from strangers.
- **If you feel you are being followed**
 - Walk to the nearest occupied or well-lighted building, *not* to your car or a bus stop. If on campus, contact campus security for assistance; if off-campus, call the police. Note the appearance of the person or persons; note the license plate number of the car. Your personal safety should come before the security of belongings, such as books, bags, etc. When in doubt, leave them behind.
- **If you feel threatened**
 - Shout "Leave me alone." Others may hear you and/or the potential criminal may be frightened away.
 - Trust your instincts. If you feel in danger, you probably are; don't be embarrassed to seek assistance.
- **Blue light phones**
 - There are 49 strategically located emergency phones on campus that connect directly with Public Safety without having to dial. These phones are for emergencies requiring immediate assistance. Directions for proper use are printed on the inside of the call box in.
- **At home**, keep the doors and windows locked. Ask repair, service or delivery persons for identification or have them wait outside while you call to verify their employment.
- Learn to **defend yourself**.
- **Teach children** about the potential for sexual assault and what to do if they are ever approached inappropriately. Children should be told that they are never responsible for sexual assault and to tell a trusted adult if an assault should ever occur.

Report all incidents to Public Safety if on campus, to the police if off campus

SEXUAL HARASSMENT

Sexual harassment includes any unwanted verbal or physical sexual advances, requests for sexual favors, sexually explicit derogatory remarks, and sexually discriminating remarks, which are offensive or objectionable to the person at whom they are directed or which cause a person discomfort or humiliation.

Sexual harassment can be as subtle as a look or as blatant as rape. Women are most often, though not solely, its victims.

Verbal harassment may include “humor” or “jokes” about women, sex, or sexual orientation, or remarks connecting a person’s sex with intellectual or academic abilities. Whether verbal or physical, sexual harassment is an act of aggression. It is a violation of both federal (Section 703 of the Civil Rights Act of 1964 and Title IX Education Amendments of 1972) and New York State Human Rights law.

Verbal harassment may include: sexual innuendos and comments and sexual remarks about clothing, body, or sexual activities; suggestive or insulting sounds; sexual propositions, invitations or other pressure for sex (“My office hours are limited. Why don’t you come by my house, or we can have dinner, and get to know each other better in privacy.”); implied or overt threats (“It’s simple; if you want to pass the course, you have to be nice to me and sex is the nicest thing I can think of. It’s up to you.”)

HOW TO REPORT A CRIME:

All criminal incidents and emergencies should be reported to the Public Safety Office located in the Fieldhouse, room 5209, in person, or by telephone (845-574-4217). **Our emergency phone number is (845) 574-4911.** If necessary, the Rockland County Sheriff’s Dept. will be informed of the incident. The Sheriff’s Dept. can be contacted directly by dialing 911 or (845-638-5400). RCC Public Safety can be contacted by picking up any Campus Blue Light Emergency Phones or by dialing 845-574-4911 from any phone. An officer will be dispatched immediately to the site of the complaint. These phones should be used only for emergencies.

Report Anonymously via telephone anonymous reporting system at 845-574-4636;

Campus Public Safety will record, classify, and log all reports received. Individuals reporting incidents will be informed of their rights and given an opportunity to file a police report for insurance or criminal purposes. All reported incidents are reviewed on an ongoing basis to determine patterns and required corrective action. Any incident of extreme serious nature will be immediately reported to the President or his designee. A strong working relationship between Campus Public Safety and the local police departments will be maintained. Third party reports will not be accepted by a police officer. Only persons who are involved directly in such incidents should report them.

In the event of a major emergency or anything that poses a threat to students, employees, or others, an alert will be prepared by posting notifications on all campus outer doors and distributing a campus e- mail notification.

CONFIDENTIAL CRIME REPORTING POLICY:

Persons wanting to report a crime or incident can do so confidentially by contacting the Director of Public Safety, in his office (room 5211) in the Fieldhouse) or by calling 845-574-4781. The reporting person’s name will be kept confidential, but the incident may be included in the annual crime statistics report without divulging the person’s name or any other information that would infringe on his/her confidentiality.

In addition to the campus Public Safety Office, crimes or serious incidents may also be reported to individuals and officials having significant responsibility for students or campus activities, or those with responsibility for controlling access to buildings or facilities (i.e. Public Safety Department members, Deans, Directors, Coordinators of Student Activities/Life/Athletics, Faculty Advisors to student groups, Director of Athletics, Coaches, etc.). These individuals also allow victims and witnesses to report crime on a voluntary, confidential basis. Reports of this nature are filed with the Campus Public Safety for informational purposes.

Although professional counselors at the college are exempt from disclosing reported offenses when acting in their professional capacity, Rockland Community College encourages them, if and when they deem it appropriate, to inform those who they counsel of procedures for reporting crimes on a voluntary, confidential basis for inclusion in the Campus Security & Safety Report.

POLICY AND PROCEDURES FOR ISSUING A CAMPUS TIMELY WARNING OR AN EMERGENCY NOTIFICATION

Overview

In the event of a substantiated serious safety concern, either on college property or in the near vicinity of the campus, numerous and diligent efforts are made to advise members of the campus community. The College takes its duty seriously to inform students and campus community members of threatening situations—and how they can best protect themselves from harm. As a result, information about crime-related and other potentially threatening situations is provided in an accurate and timely fashion. The College will release information which can be used by students and other College community members to reduce their chances of becoming victims. These notices will be issued as a means of a “**Campus Timely Warning Notice**” (CTWN) or an “**Emergency Notification**” (EN).

Campus Timely Warning Notice Policy

What Constitutes Issuance of a Campus Timely Warning Notice (CTWN)?

Campus Timely Warning Notice is specifically related to compliance with the federal Clery Act, which requires colleges and universities to notify students and employees whenever there is a threat that a serious crime is ongoing or may be repeated-- so that campus community members can protect themselves from harm. The Clery Act defines certain specific crimes that require a timely warning notice to be issued when crimes are reported to Campus Security Authorities (CSA's) with significant responsibility for student and campus activities, campus safety, or the local police AND the reported crime(s) are believed to have occurred on campus, in or on non- campus buildings or property, or on public property contiguous to the campus.

Types of incidents or situations that constitute a campus timely warning being sent are:

1. **All Clery Act Crimes which represent a serious or continuing threat to the person and/or property of students and employees.** Examples include but are not limited to:
 - Criminal Homicide
 - Sex Offenses
 - Robbery
 - Aggravated Assault
 - Burglary
 - Motor Vehicle Theft
 - Arson
 - Hate Crimes
2. **Emergency situations that are life threatening.** Examples include, but are not limited to:
 - Persons with weapons with intent to use
 - Threat of violent crime
 - Situations where identity or location of suspect is not known
 - Assault (physical or sexual)
3. **Any act or immediate threat of interpersonal violence.** Examples include, but are not limited to:
 - Domestic or relationship situations
 - Hate crimes
 - Consistent pattern of violent behavior
4. **Serious acts or threats to campus-owned or person**

Timing, Content, and Decision Criteria for a Campus Timely Warning Notice:

The warning should be issued as soon as the pertinent information is available because the intent of a campus timely warning is to alert the campus community of continuing threats, especially concerning safety, thereby enabling community members to protect themselves.

The issuing of a timely warning notice must be decided on a case-by-case basis in light of all of the facts surrounding a crime, including factors such as the nature of the crime, the continuing danger to the campus community and the possible risk of compromising law enforcement efforts.

Clery Act regulations do not specifically specify what information should be included in a timely warning. However, because the intent of the warning is to enable members of the campus community to protect themselves, the warning should include all information that would promote safety. Generally, the warning will specify the type of reported crime, the time and location at which the reported crime occurred, and specific advice to the campus community regarding steps to take to avoid becoming a victim and to protect themselves.

The timely warning notice WILL NOT include any information that would identify the victim.

Decision to Issue Campus Timely Warning Notice – Responsibility:

Responsibility: The decision to issue a Campus Timely Warning Notice is made in coordination and consultation by the Emergency Response Team. In an extreme emergency, the notification process will be implemented at the sole direction of the College’s President or Designee or the Director of Public Safety or designee.

Emergency Response Team:

President
Provost
Chief Operations Officer
Director of Communications
Director of Human Resources
Director of Plant Facilities

In an extreme emergency, the notification process will be implemented at the sole direction of the President or designee or the Director of Public Safety or Designee.

EMERGENCY NOTIFICATION POLICY

What Constitutes Issuance of an Emergency Notification/Safety Alert?

Rockland Community College uses an Emergency Notification to notify students and employees in a timely manner when it is determined that there is a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on campus. The notification to the campus community may contain only the information that is reasonably necessary to promote the safety of the campus community as dictated by the situation. An Emergency Notification will be released as soon as reasonably necessary and without delay, unless notification will compromise efforts to assist a victim, or to contain, respond to, or otherwise mitigate the emergency. After the initial notification, follow-up information must be disseminated to the community via the mediums stated below. An Emergency Notification can be related to criminal activity that is not subject to the timely warning standard required by the Clery Act, but is not necessarily related to criminal activity. Examples of situations that may constitute the College's decision to issue an Emergency Notification include, but are not limited to:

1. **Situations where serious injuries may or have occurred.** Examples include, but are not limited to:
 - Building collapse
 - Train derailment
 - Fire

2. **Situations that cause major disruption to campus operations.** Examples include, but are not limited to:
 - Transformer fire
 - Weather-related situations
 - Power outages
 - Water emergencies
 - Serious acts or threats to campus property

DRUG & ALCOHOL-FREE CAMPUS POLICY:

Philosophy: Rockland Community College (the College) is committed to providing a safe work and learning environment and to fostering the well-being and health of the College community. The College recognizes that the misuse and abuse of alcohol and the use of illegal drugs negatively affect an academic community. This can be exemplified by decreased productivity of members of the community, increased physical and mental health problems, strained social interactions and various forms of violence and vandalism. Problems associated with the illicit use and abuse of alcohol and the use of illegal substances have a pervasive impact on our academic community and are not limited to a singular age level or socioeconomic group. The harmful effects of alcohol and illegal drugs can impair the process essential for learning and effective participation in the richness of the academic experience.

Policy: In compliance with the federal Drug-Free Schools and Communities Act (DFSCA) Amendments (Public Law 101 -226), the Drug-Free Schools and Campuses Regulations, and the Drug-Free Workplace Act of 1988; and in keeping with its mission, the College strictly prohibits the possession, use, or distribution of any controlled substance and/or alcohol on College property or at any College-sponsored function, including but not limited to off-campus activities such as during the course of College-sponsored field trips, College-sponsored social activities, or College-sponsored study abroad programs. In addition, employees are prohibited from on-the-job use of, or impairment due to the use or abuse of alcohol or controlled substances. Students are prohibited from impairment due to the use or abuse of alcohol or controlled substances, or appearing in an intoxicated or altered state on College property or at any College-sponsored function.

Applicability: This policy applies to all College employees, whether full or part-time, including faculty, staff, and administrators; and students, whether full or part-time. A person is identified as a student subject to this policy if they are registered for study at the College without regard to whether the course of study is for credit or credit free.

Exemptions to Policy:

I. Authorized Prescription

Where permitted, an employee may possess and use a controlled substance that has been properly prescribed to him/her by a physician provided such prescription does not interfere with the employee's ability to perform necessary job functions.

II. Non-College Event

Beer and wine (only) may be sold or served at commercial events not sponsored by the College per guidelines as approved by the President. However, even if beer and wine is authorized to be sold or served on campus, the prohibition regarding use by individuals subject to this policy is still in effect.

Sanctions: The possession, use, or distribution of any controlled substances and alcohol on College property or at any College-sponsored function shall be considered a serious form of misconduct. The College will respond swiftly and promptly to any known violations of this policy. This response may include:

Students: Students violating this policy will be considered to be violating the Student Code of Conduct and shall be subject to disciplinary action (as described below) and referral for criminal prosecution to the fullest extent of applicable, federal, state and local law depending upon the nature and gravity of the infraction and the degree to which violation of the policy adversely affected the well-being of the community or the fulfillment of the College's mission. Penalties for these actions will be administered by the Assistant Vice President of Enrollment Management, in accordance with the rules and procedures administered by him or her. Penalties range from a warning, referral for an appropriate assistance program, confiscation, restitution, suspension, dismissal, up to and including expulsion. Students are responsible for their conduct at all times, and the fact that a student was under the influence of alcohol or a controlled substance will not be considered an excuse for their conduct or a mitigating factor in any disciplinary or academic action taken against them, except as permitted by the College's Policy for Drug and Alcohol Amnesty in Sexual Violence and Interpersonal Violence Cases (found in the Student Code of Conduct). Depending upon the particular circumstances, continued attendance at the College by students who violate this policy may be made expressly contingent upon satisfactory participation in a drug abuse assistance, counseling and/or rehabilitation program.

NOTE: A conviction for the sale or possession of illegal drugs may affect a student's eligibility for federal student financial aid. For more information students can refer to the Federal Student Aid Webpage at: <https://fsapartners.ed.gov/home/>.

Employees: Employees violating this policy shall be subject to disciplinary action (as described below) and referral for prosecution, in accordance with applicable collective bargaining agreements, and subject to criminal prosecution to the fullest extent of applicable, federal, state and local law. Disciplinary action for employees include, but are not limited to, an oral or written reprimand, suspension, up to and including termination from employment, referral for an appropriate assistance program, and referral for criminal prosecution, when appropriate. Employees should refer to the collective bargaining agreement, if any, to which they are subject for additional prohibitions, penalties/sanctions and assistance information.

Students and employees are reminded that federal, state and local law provides for a variety of legal sanctions and penalties for the unlawful possession or distribution of controlled substances and alcohol. These penalties include, but are not limited to, incarceration and monetary fines.

Pursuant to the Drug-Free Workplace Act, any employee who is convicted of a violation of any criminal drug statute occurring in the workplace must submit notification to the Office of Human Resources in writing, no later than five (5) days after the criminal conviction. Notice must be received on or before the 5th day after the criminal conviction. This reporting requirement is a term and condition of employment.

Controlled Substances Defined: Controlled substances include the many substances covered by the Controlled Substances Act (21 U.S.C. 811). See, Schedules I – V of Section 202 of the Controlled Substance Act (21 U.S.C.812) and Schedules I-V of New York State Public Health Law Section 3306. All so-called “street drugs” (heroin, crack, cocaine, marijuana, speed, acid) are controlled substances.

Drug Free Awareness Education and Prevention Program: The College offers prevention education programs designed to increase awareness of the dangers of drug and alcohol abuse and available support services.

Distribution of Policy: In accordance with federal guidelines, notification to all students and employees will occur annually. The Assistant Vice President of Enrollment Management is responsible for distributing this policy to all students annually. The Director of Human Resources is responsible for distributing this policy to all employees annually.

Biennial Review: The College will conduct a biennial review of this program to determine its effectiveness and implement changes to this policy/program as needed to ensure that the disciplinary sanctions are enforced consistently.

SMOKE & MARIJUANA FREE CAMPUS:

Tobacco and marijuana use is prohibited in all Rockland Community College facilities and outdoor areas. The preponderance of evidence and the trends reflected in that evidence all indicate that tobacco and marijuana use, smoking and exposure to second hand tobacco and marijuana smoke are significant health hazards. Under the Environmental Protection Agency (EPA) Guidelines, second hand smoke is a Group A carcinogen (cancer-causing agent), known to cause heart disease, cancer, respiratory issues and irritation of the eyes and nose.

Rockland Community College has been, and continues to be, committed to the health and well-being of its staff, faculty, administrators and students. The college not only has a vested interest in the vitality of its students and those who administer and operate programs here, but also a role to play in the promotion and advancement of the general health of our society as a whole.

Out of respect for the environment and in keeping with Rockland Community College's commitment to protect the health of its employees, students, visitors and all other constituencies, effective September 1, 2009, Rockland Community college became a Tobacco-Free institution. No consumption of tobacco, or tobacco products or marijuana is permitted on any college property or in any college facility; this includes but is not limited to all buildings, grounds, pathways and thoroughfares within the campus property. The sale or sample distribution of cigarettes or other tobacco products are also prohibited. This applies to marijuana products as well.

STUDENT ID:

Don't leave home without your RCC ID! You may be asked to show your ID to an administrator or to Public Safety. You'll need your ID to use the pool, take out library books, view videotapes, use campus computers, or to enter special events held at the College.

To get an ID, check the RCC college website or RCC Public Safety Facebook page for dates and times when we perform these duties. The Public Safety Office is located in room 5209 or the fieldhouse. Just bring your paid tuition receipt. They'll take your picture, so look nice! Your first ID is free. Each time you lose your ID a new one will cost you five (5) dollars. Call 845-574-4217 for more information.

EMERGENCIES ON CAMPUS:

All criminal incidents and emergencies should be reported to the Campus Public Safety Office located in the Fieldhouse, Room 5209, in person, or by telephone. **Our emergency phone number is 845-574-4911.** When necessary, the Fire Department, EMS or Rockland County Sheriff's Department will be informed of the incident. You may also use the Campus Blue Light Emergency Phones or dial 845-574-4911 to report an emergency. These phones should be used only for emergencies.

EMERGENCY RESPONSE AND EVACUATION PROCEDURES:

If a significant emergency is reported at Rockland Community College, Public Safety Officers will be dispatched to confirm the report. They will provide information to the Director of Public Safety regarding the reported emergency. If a significant emergency is confirmed, Rockland Community College will, without delay, and taking into account the safety of the community, notify the campus community, unless the notification will, in the professional judgment of the Director of Public Safety or local emergency response agencies, compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency.

If a notification will be issued, the Director of Public Safety, or his designee's will contact the Director of Communications, or designee, and inform them of the details of the emergency. They will jointly determine who to notify, the contents of the notification, and the most appropriate channels to utilize in issuing the notification (alert system activation, e-mail, college website, Facebook, Twitter, etc.). Once determined, the

notification will be issued without delay. If warranted by the circumstances, the Director of Public Safety and his designee's have the authority to activate the RCC Emergency Alert System immediately and without consultation.

The Director of Public Safety and Director of Communications, or their assistants, have primary responsibility for issuing emergency notifications for Rockland Community College. Emergency Notifications may be issued by any of the following means: voice notification by Public Safety Officers, campus-wide email, notices placed on external doors on all buildings, voice mail, Intranet web site, Facebook, Twitter or the RCC Emergency Alert System.

In addition to testing the alert system, the college conducts unannounced evacuation drills at the beginning of each semester and summer session. The drills are conducted during both the day and evening and are observed by the College Administration whenever possible. The results of the drills are documented and maintained in the Public Safety Department.

BUILDING EVACUATIONS:

A building evacuation, for fire or other reasons, is an event that may directly affect the life and/or safety of persons on our campus. As such, building evacuations and building evacuation drills require the active participation and support of all college employees and should be carried out by each of you in a manner befitting a representative of Rockland Community College. Evacuation drills are conducted at the beginning of each semester, both during the day and evening, and at the beginning of summer session.

In the event of a building evacuation, the Rockland Community College Public Safety Department has primary responsibility to initiate and coordinate an appropriate response, including notification of emergency services and the college administration. Public Safety Officers will be dispatched to assist in effecting an orderly and efficient evacuation and will provide specific instructions to building evacuees as appropriate. Additionally, there are Evacuation Coordinators throughout the campus who have received specific training in how to assist in the event of a fire or evacuation. Any responding Evacuation Coordinator may be identified by the lime green safety vest they will wear in the event of an emergency. You must comply with instructions given by Public Safety Officers and Fire Marshals.

Your primary responsibility in the event of a building evacuation is to immediately, safely and efficiently exit the building via the shortest safe route. ALL evacuation alarms must be treated as real, even if there are multiple alarm activations within the same day. Additionally, your adherence to the following simple guidelines is necessary to help ensure the safety of all building occupants during an evacuation:

- If you see a fire, **immediately** pull the nearest fire pull station to initiate the fire evacuation alarm.
- If you receive an unconfirmed report of fire or smell smoke, immediately call the RCC Emergency number at extension 4911 from any campus phone, or (845) 574-4911 from an outside line. Public Safety will be dispatched to investigate the report.
- Once an evacuation is initiated, make sure to immediately exit the room and proceed to the nearest safe building exit.
- Close the door as the last person exits and proceed to the nearest building exit.
- If you see an open door as you are exiting the building, close the door and continue to the nearest safe building exit. Do not deviate from the shortest safe exit route to do this.
- If you see any occupants in the building who do not appear to be evacuating, inform them there is an evacuation and that they must exit the building immediately.
- If you are aware of occupants who you believe did not evacuate the building as required, notify the nearest Evacuation Coordinator, Public Safety Officer or Emergency Services Person immediately upon exiting the building. Inform them of how many persons and where they were last seen.

EVACUATION INSTRUCTIONS:

In the event of a Fire Alarm or other evacuation:

- Remain **CALM**
- **WALK, DO NOT RUN**, to the nearest exit.
- Go to the nearest exit, taking the shortest possible safe route.
- **NEVER USE ELEVATORS AS A FIRE EXIT**
- Once outside, remain at least 100 feet away from the building, more if directed.
- **DO NOT** re-enter the building until “**ALL CLEAR**” is announced by the Fire Department.
- If you are wheelchair-bound at ground level, or otherwise mobility-impaired, exit the building immediately.
- If you are above or below ground level, ask someone to escort you to the nearest enclosed stairwell landing and close the door. The escort should identify someone who will tell Evacuation Coordinators, Public Safety or Firefighters the location of the stairwell in which you are located. Those professionals will then evacuate you if necessary.

FIRE INSTRUCTIONS:

In case of fire, pull the nearest alarm. This will activate an audible and visual alarm within the building which rings directly to the Public Safety Dispatcher. The Dispatcher on duty will call the local fire department, telling them the fire location and giving them other relevant information.

When a fire alarm sounds, **evacuate the building immediately. Walk - do not run, do not use elevators.** Close doors to classrooms and offices, leaving lights on, and exit from the nearest enclosed stairwell. Take your belongings with you. **Do not try to fight the fire.**

If you are wheelchair-bound at ground level, or otherwise mobility-impaired, exit the building immediately. If you are above or below ground level, ask someone to escort you to the nearest enclosed stairwell landing and close the door. The escort should identify someone who will tell Evacuation Coordinators, Public Safety or Firefighters the location of the stairwell in which you are located. Those professionals will then evacuate you if necessary.

Everyone who has exited the building should stay at least 100 feet away from building entrances until an “**all clear**” is announced by the fire department.

INJURIES AND OTHER MEDICAL EMERGENCIES: Report all classroom accidents to the professor immediately.

Report all injuries to **Public Safety** 845-574-4217, located in the Fieldhouse, Room 5209, staffed by trained and Certified First Responders.

If you should witness a medical emergency, call for assistance and then stay with the patient until professional help arrives. **Do not move the victim or injured person** unless there is immediate danger to yourself and/or the patient.
