Parent Date of Birth _____

The amount you are requesting in a Federal Direct PLUS Loan: \$ _____

Mark the semesters you want the loan to cover: _____ Sum 26 _____ Fall 26 _____ Spr 27 _____

Acknowledgments

- I understand that this form is only a request for loan funds, that a valid electronic Master Promissory Note (e-MPN) and an acceptable credit determination must have been previously completed online with the Department of Education.
- I understand that by signing below, I am authorizing Financial Aid to certify a Federal Direct PLUS Loan for the requested amount and to provide the federal government with any information necessary for me to obtain this loan.
- I understand that any change to the information used in determining my student's eligibility for financial aid may result in changes to my student's financial aid package, including my parent PLUS loan amount.
- I understand that the proceeds of my parent PLUS loan will be credited to my student's account at RCC and that all tuition and fee charges will be paid prior to a distribution of any credit balance caused by the PLUS loan.
- I understand that any credit balance created on my student's account by my PLUS loan will be forwarded to me rather than my student. I understand that if I desire an exception to this policy, I must submit a written authorization to Financial Aid specifying such.
- I understand that if a projected credit balance exists from my parent PLUS loan, my student will be allowed to charge books and supplies, up to \$500, at the campus Bookstore. I understand that if I desire an exception to this policy, I must submit a written authorization to Financial Aid specifying such.
