Advisory Note:

Courses comparable to the University at Albany (APSY 210) Statistical Methods in Psychology and (APSY 211) Experimental Psychology must be satisfactorily completed with a grade of "C" or better before formal admission to the major can be granted. Courses equivalent to (APSY 210) and (APSY 211) are not offered at Rockland Community College, where possible, students are encouraged to cross-register at a local four year college where the equivalents are offered.

Transfer students entering the University at Albany without these two courses will be advised by the Psychology Department as proposed Psychology majors. They will be directed to enroll in (APSY 210) the first semester on campus, and (APSY 211) the next semester.

* Speak with your adviser about your options.

The Associate Dean for Academic Affairs processes all admissions in consultation with the School of Criminal Justice Admissions Committee. The following criteria will be considered by the committee:

Completion of 42 graduation credits prior to application, and completion of 56 graduation credits at the time of admission.
Overall GPA.

Breadth and quality of liberal arts background. The admissions committee will view favorably students who have strong records in history, mathematics, English, languages, and/or natural sciences.

B or higher in RCRJ 200 (or ASOC 381) or 201 to be taken in the sophomore year.

Statement by student of reason for wanting to undertake a criminal justice major.

For transfer students, admission requirements are stated above except that RCRJ 200 and 201 may be waived by examination if the student's prior record includes criminal justice courses of similar content.

It should be noted that because this program is not intended for persons interested in police science, criminalistics, etc., transfer students who have taken courses in such areas may expect such credits not to be transferable into the major. Transfer students must also fulfill concentration requirements. Articulation of such courses will be processed on a case-by-case basis.

**A Joint Admissions Agreement Between
The University at Albany, State University
of New York and
Rockland Community College**

The purpose of this agreement is to outline the procedures for a joint admissions program between the University at Albany, State University of New York (hereinafter identified as the University at Albany or UA) and Rockland Community College (hereinafter identified as RCC).

Under the Joint Admissions Program, students are admitted to both RCC and UA as first year matriculants, with conditional acceptance to UA with junior status after completion of their Associate in Arts or Associate in Science degree. Students are assured that if they achieve the stipulated academic proficiency and distribution requirements as detailed in the RCC/UA Transfer Guide, it will be possible to complete their baccalaureate degree at the University at Albany in four additional semesters (or equivalent for part-time students). Candidates selected for the program will receive a letter of admission from the Director of Admissions at RCC and the Director of Admissions at the University at Albany.

The students in the Joint Admission Program are expected to enroll at the University at Albany in the semester following the completion of the Associate degree. Students not wishing to continue their baccalaureate program at the University at Albany at that time must apply for deferral, enabling them to delay study for a specified length of time. Students who enroll at a third institution lose their automatic transfer and must have their total academic record reviewed for transfer consideration.

Major requirements for the bachelor's degree will be those in effect at the time the student transfers to UA.

The University at Albany, State University of New York and Rockland Community College agree jointly to provide for the following:

1. RCC and the University at Albany will each designate a coordinator of the joint admissions program at their campus. The coordinator at RCC is the Director of Admissions; the

coordinator at University at Albany is Mr. George Mitchell, Undergraduate Admissions Office.

2. RCC and the University at Albany will develop, cooperatively, informational publications pertaining to the joint admissions program.

To be eligible for the Joint Admissions Program students need to follow these guidelines:

1. Complete the joint application form provided by RCC (Intent to Enroll Form).
2. In the semester preceding anticipated completion of the RCC degree, send the tuition deposit to the Office of Student Accounts at the University at Albany by May 1 for Fall enrollment, or December 1 for Spring enrollment.
3. At some point prior to enrollment at the University at Albany, provide identifying information necessary to include the students in the SUNY and UA student database.

The University at Albany, State University of New York agrees to provide the following for students at Rockland Community College who have been accepted in to the Joint Admission Program:

1. In consultation with RCC staff, a Transfer Guide for Rockland Community College students has been developed, outlining required and recommended courses for each articulated **PROGRAM OF STUDY**.
2. Students who pay their tuition deposit by the appropriate deadline will be able to early-register for the succeeding semester and will be given the same registration priority as the University's continuing students. The contract person at the University at Albany is Mr. Dan Smith, Office of the Dean of Undergraduate Students, AD-118, 442-3950. Joint admit students, who early register, are required to attend a Summer Planning Conference or January Orientation session.

3. Student will receive periodic information about activities at the University at Albany and about their intended program. They will be welcome at appropriate UA functions and will be encouraged to visit the University at Albany to tour the campus and/or meet on an individual basis with advisors.
4. Representatives of the University at Albany will meet at the RCC campus with students in the joint admission program on a periodic basis. The purpose of these meetings will be to provide academic advisement about the University at Albany's curriculum and general information about the University.
5. The University at Albany agrees to provide, as needed, information sessions with faculty and staff of RCC who will be involved in advising students enrolled in the joint admissions program.
6. The University at Albany will provide RCC reports on the academic progress of RCC graduates who continue their studies at the University at Albany under the terms of this joint admissions program.
7. Freshman applicants from Rockland County who are denied admission will be notified of this joint admissions program and be encouraged to contact RCC Admissions Office for application materials.

Rockland Community College agrees to the following:

1. Application forms for the Joint Admission Program may be obtained from RCC, Office of Admissions.
2. Selection of students for this program will be made by the RCC Office of Admissions according to the basic criteria in effect at RCC. The University at Albany Undergraduate

Admissions Office and Office of Transfer Affairs are available for consultation and information on recruitment and admission matters.

3. On October 31st and February 28th of each year, RCC will provide University at Albany with a list of all students participating in the joint admissions program. Also at this time, RCC will submit a list of those joint admissions students scheduled to graduate at the end of the semester who have indicated their intent to attend the University at Albany the following semester. Copies of student transcripts will be provided to UA Undergraduate Admissions Office at the end of each semester.
4. RCC agrees to distribute the RCC/UA Transfer Guide to joint admissions students and assist in setting up advisement programs involving RCC faculty and staff.

Terms of this Agreement

This agreement will go into effect for the Fall 1999 admissions date.

To meet the terms of the Admissions guarantee, RCC students interested in programs in the Arts and Sciences must have a minimum 2.50 Grade Point Average (GPA). To qualify for guaranteed admission into Accounting/Business Administration or Criminal Justice, students will be required to have a 3.00 GPA. RCC students who enter the Joint Admission/Transfer Articulated Program who have not achieved the required GPA or who have not completed a PROGRAM OF STUDY are encouraged to apply for admission. Each case will be considered on its individual merits.

Approved for Rockland
Community College
